

Mussel Oiling and Molecular Response to the April 2020 Valdez Marine Terminal Spill: Executive Summary

Rogue transcription task force:
Austin Love, Liz Bowen, Bill Driskell,
Jim Payne, Brenda Ballachey

January 2022

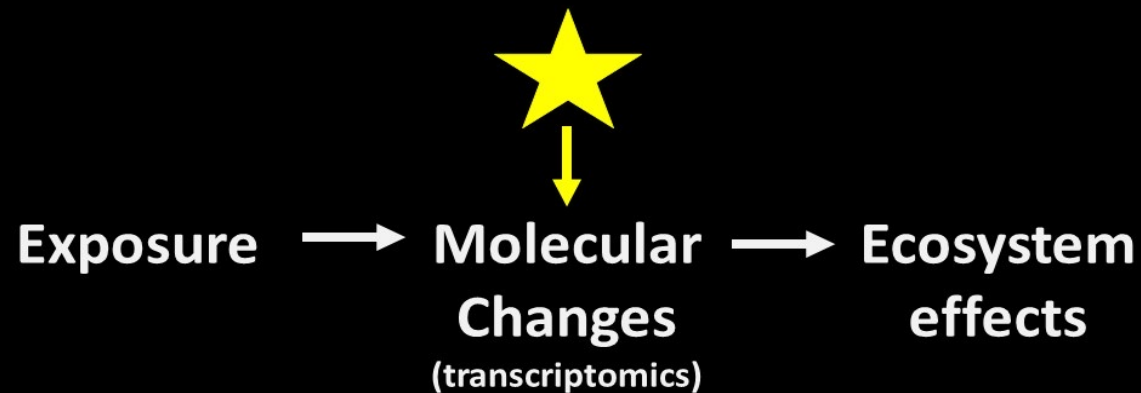

Why add
molecular tools
to our
monitoring?

Transcriptomics

Early Warning System

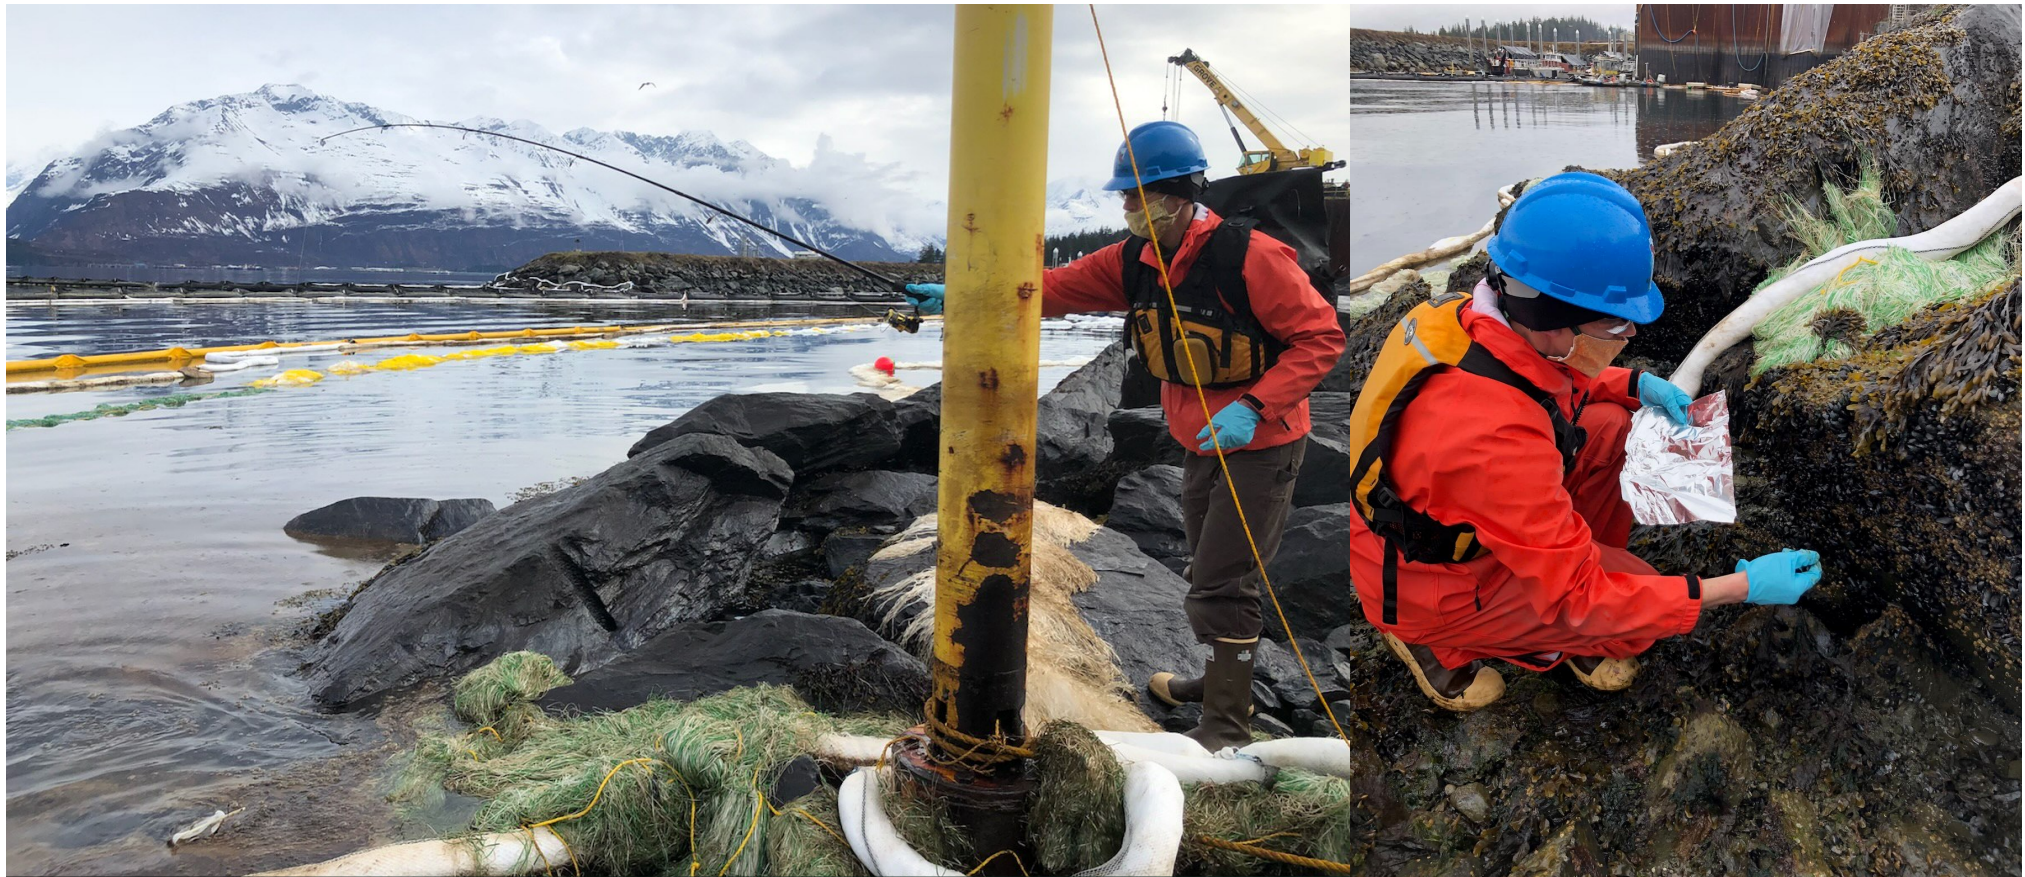

Location of spill and sample collection

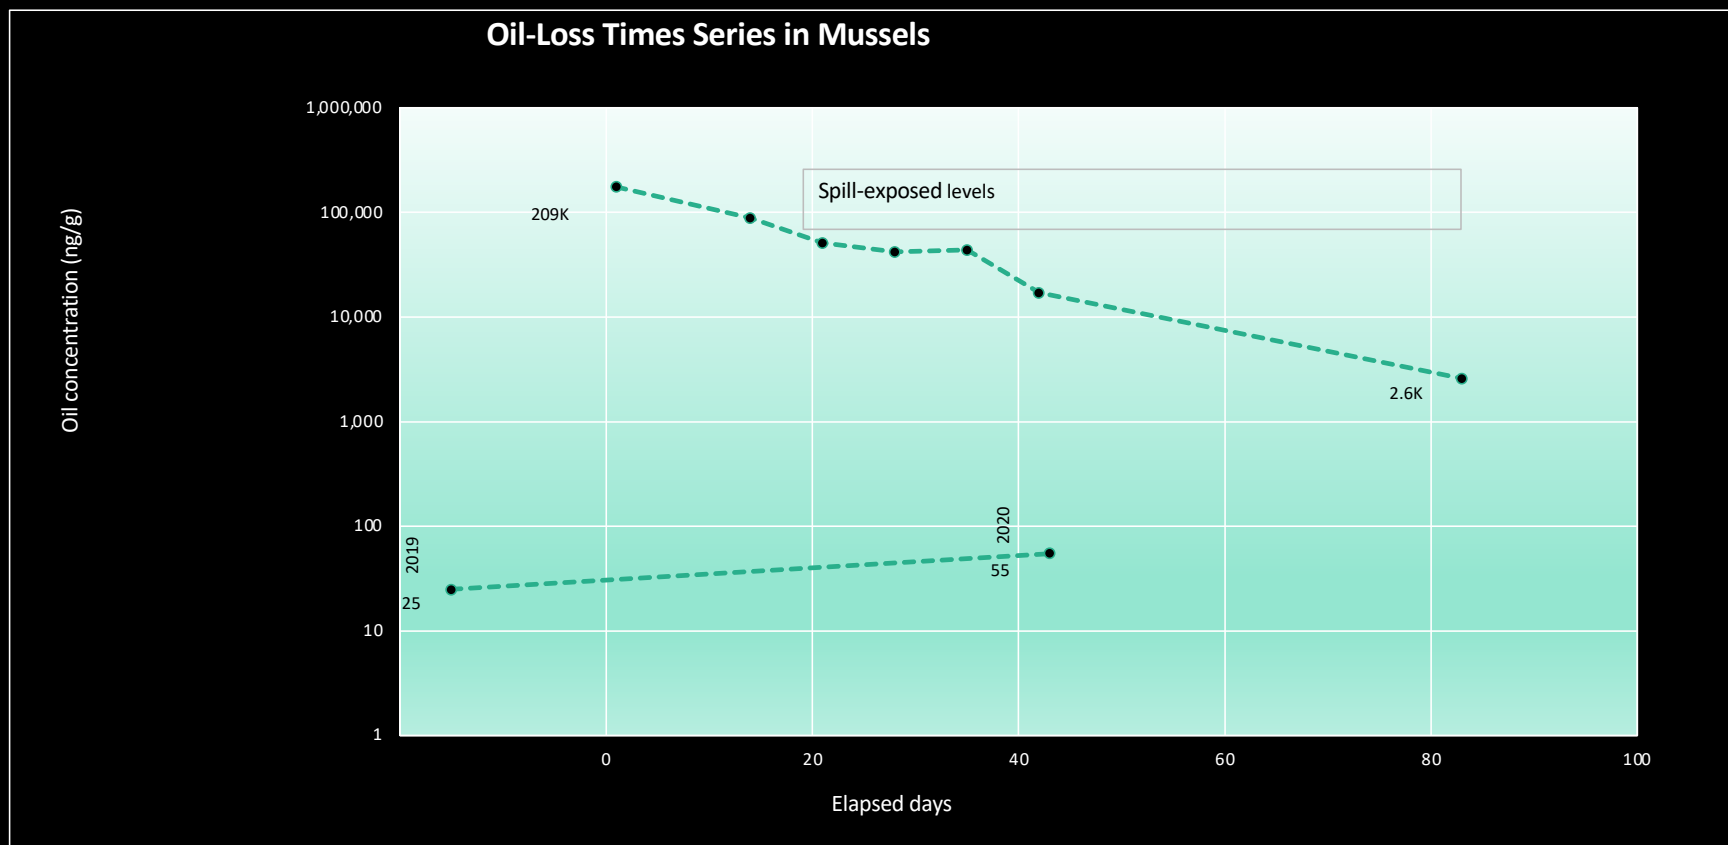

Spill
containment

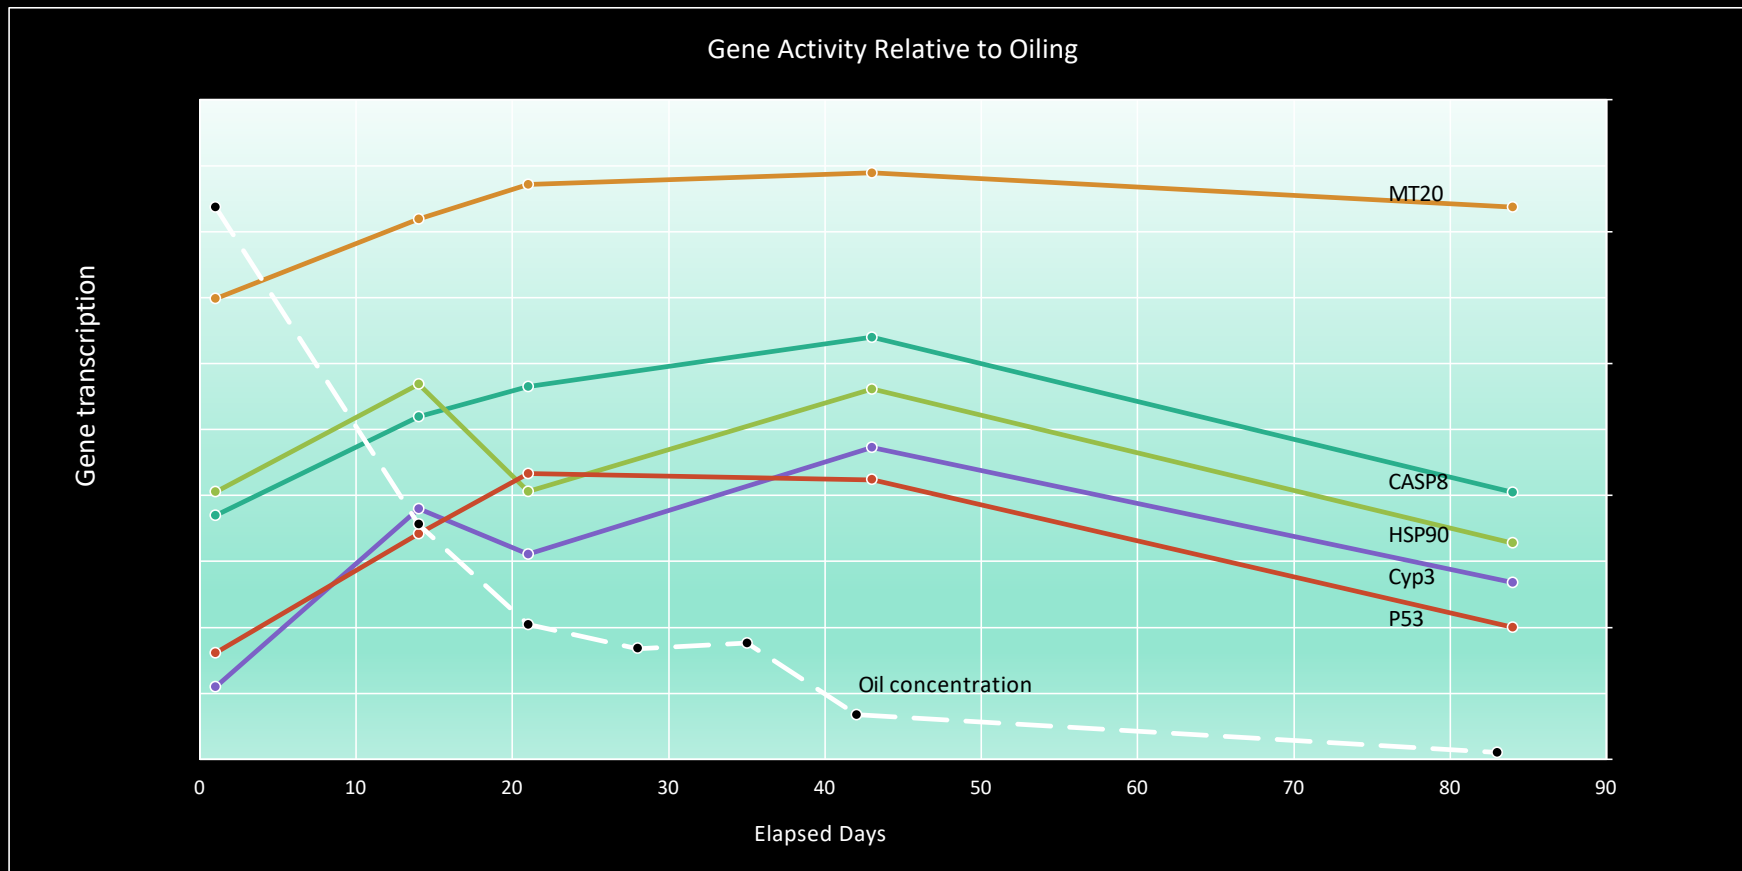

Sampling

Chemistry

Gene transcription

Where do we go from here?

This information will be used
to develop a more specific
gene transcription panel...

Thank you very
much for your
continued input
and support!
