## Presentation Schedule

**6:30-7:00pm** **Scott Pegau**, the Research Program Manager for the **Oil Spill Recovery Institute** (OSRI) in Cordova, will present his work on the 2009 field experiment that OSRI and **Alaska Ocean Observing System** conducted to test the ocean observing system and models in Prince William Sound.

**7:00-7:45pm** **Stanley "Jeep" Rice**, with the **National Oceanic & Atmospheric Administration** will speak on **The Exxon Valdez Oil Spill: Long Term Persistence and Long Term Effects**.

**7:45-8:15pm** **Tad Pfeffer**, a glaciologist and professor of civil engineering at the University of Colorado, will talk about his work on Alaskan glaciers, mainly Prince William Sound's Columbia Glacier.

**8:15-8:30pm** **Tom Kuckertz** and **Joel Kennedy**, Project Managers for Terminal Operations and Marine Operations at PWSRCAC, will make a presentation on Ice Detection Radar in Prince William Sound: Past, Present and Future.

**8:30-9:00pm** PWSRCAC researchers **Jim Payne** and **Bill Driskell** will talk about long-term monitoring for oil pollution in Prince William Sound
